- 2 active, 3 idled
- 2 are opened, several are idled
- 2 camps and 2 program centers where you can camp
- 2 main, several other small properties
- 2 now, one just closed
- 2 resident camps, 3 additional camp and 1 property in development
- 2 selling
- 2 that are open and one that is "resting"
- 3 active, 2 non
- 3 are open and available. We did have 9, then 7, now 3 remain. Do not know exactly how many are still owned by Council as this time.
- 3 in my area, the council is giant, so I don't know.

- 3 now, they used to own 4.
- 3 regular camps and one cabin property in a park for day use only
- 3 resident, 6 day camps
- 4 resident and 6 day camps, and 1 family camp
- 4 resident, 6-8 others
- 5 is going to 3 we have been told.

- 6+
- 7 active, 2 rested
- 7 and one they are selling
- 7 but they are in the process of getting rid of 3
- 7. 3 are owned and others are leased at low cost.
- 8?
- 9 plus they just sold 2
- About 8
- Approx 7
- As of right now I believe 5, but there are selling off 2
- At least 5.... Historic Georgia
- Camp Cardinal is considered a day camp, not residential
- Colorado has a lot.
- Currently 6, but 2 are likely going up for sale soon.
- Don't know for sure, which camps are overnight camps aren't specified on the camp info section of the council website
- Don't know right now as many have been sold
- Four I think.
- Have at least 5. Only one is a resident camp. 1 is "resting". 1 on verge of "resting" and slated to be sold but everyone is fighting for it and the other one. All are too far to travel to for any trainings or events. At least one I know by name only (because of merger) but have no clue where it is). Don't know if I am correct in the number of camps or not.
- I believe it's 3 resident camps and 2 day camps
- I know of 3 active
- I think 4. Not sure. Only 1 nearby. 1 about 2.5 hrs away. Others are out of the question.
- I think probably about 10 now
- I think we have 12
- It was 3.. they are closing one next month.
- Keeps changing

- Maybe more, we always use the larger camps to accommodate our SU
- No idea. Our council likes to idle camps until we forget about them and then sell them when we aren't looking. We currently have two active camps and at least 2 idled and 2 that recently sold.
- Not sure as many have been shut down, sold or for sale
- Not sure lost 1 to floods last year and have 1 up for sale
- Not sure off hand. I know of four for sure... I just refer to website when I need to.
- Not sure, at least 3.
- Not sure, but more then 6. 2 within 1/2 hour and another 1 hour away.
- Not sure. 4 or 5. But only 2 in a decent distance from us.
- Not sure...we did a lot of selling in the past few years. I think we are at 4 or 5
- Now 3 but they are closing 1 on Nov. 1st
- One is being idled in a week
- Our Council covers a very large area in Ohio.
- Own? I don't know. More than they use.
- Possibly more than 6, currently 6 active, including one small area attached to a council office property.
- They just sold 3, we now have 3 left.
- They own several but only allow operation of a few. Many are setting unused
- This number is under going changes daily.
- Three Camps. Total shame. We used to have 13.
- Unsure of the actual # they still own, how many are rested/idled/closed but not yet sold
